Beautiful things blend with nature on the one hand, and are consistent with human ideals on the other.

Art is not only a mirror, reflecting the world, but also an independent, self-sufficient image creation. It relies on rhythm, rhythm, form harmony, and color coordination to establish its own, affectionate and small universe, using reason and The combination of nature gathers wisdom from aesthetics, engineering, materials science and manufacturing to explore the beauty of life at a deeper level.

Living in art

CAR SERIES

HOTEL SERIES

■ CBSA-801

Product parameters

Ceiling: Rose gold mirror stainless steel frame with LED downlight photo
In the middle, there is a woven decorative board in the middle, which hides the light strip.
Side wall and rear wall
Center plate: stainless steel with rose gold mirror hairline craft on the back wall.
Leather finish with rose gold hairline stainless steel frame.
Auxiliary board: wood veneer
Armrest: Rose gold hairline stainless steel armrest
Car bottom: 2mm thick PVC / marble Parquet.

■ CBSA-802

Product parameters

Suspended ceiling: steel plate spray paint imitation wood shape supplemented by downlight
Rear wall: wood decoration frame plus middle mirror etching, auxiliary plate color steel splicing
Left and right wall: wood grain color steel in the middle of the wood decoration frame, color steel splicing of auxiliary board
Armrest: Wood grain titanium armrest
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-803

Product parameters

Suspended ceiling: steel plate spray paint imitation wood shape supplemented by downlight
Rear wall: wood decoration frame plus middle mirror etching, auxiliary plate color steel splicing
Left and right wall: wood grain color steel in the middle of the wood decoration frame, color steel splicing of auxiliary board
Armrest: Wood grain titanium armrest
Car bottom: 2mm thick PVC / marble mosaic

CBSA-805

Product parameters

Suspended ceiling: wooden paint frame, silver foil in the middle, hidden lights around.
Side wall and rear wall
Center panel: wood veneer frame with silver mirror.
Auxiliary board: wood veneer.
Armrest: wood and titanium combination armrest.
Car bottom: 2mm thick PVC or marble parquet floor.

CBSA-806

Product parameters

Suspended ceiling: wooden frame sprayed with gold foil in the middle.
Side wall and rear wall
Center board: Tea mirror etched flowers, wood veneer.
Auxiliary board: wood veneer (ebony), tea mirror.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-807

Product parameters

Ceiling: Wooden ceiling frame, downlight lighting.
Side wall and rear wall
Rear wall: wood veneer, advertising frame, mirror stainless steel.
Side wall: wood veneer, fabric.
Armrest: stainless steel leather covered armrest.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-808

Product parameters

Suspended ceiling: wooden paint frame, silver foil in the middle, hidden lights around.
Side wall and rear wall
Center panel: wood veneer frame with silver mirror.
Auxiliary board: wood veneer.
Armrest: wood and titanium combination armrest.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-809

Product parameters

Suspended ceiling: wooden frame sprayed with gold foil in the middle.
Side wall and rear wall
Center board: Tea mirror etched flowers, wood veneer.
Auxiliary board: wood veneer (ebony), tea mirror.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-810

Product parameters

Ceiling: Rose gold mirror frame plus central titanium hairline plate supplemented by ceiling light
Rear wall: Rose gold mirror etched center plate, wood grain color steel auxiliary plate
Left and right walls: hard cladding center board, wood grain color steel auxiliary board
Armrest: Wood grain titanium armrest
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-811

Product parameters

Ceiling: corrugated board, paste gold foil.
Rear wall: wood finish, varnish, advertising frame, mirror surface.
Side wall: wood veneer, mirror surface.
Armrest: wood and titanium combination armrest.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-812

Product parameters

Ceiling: Corrugated board, hidden light strip in the middle, black titanium mirror stainless steel.
Rear wall: black gold flower marble frame, corrugated board, titanium gold and pattern board,
Advertising frame, titanium mirror etching.
Side wall: wood veneer (Longfeng Tan).
Armrest: wood and titanium combined armrest.
Car bottom: 2mm thick PVC or marble parquet floor

■ CBSA-813

Product parameters

Suspended ceiling: Rose-blonde border frame supplemented by the middle and chandeliers
Rear wall: wood grain color steel and engraved modeling center plate
Mirror stainless steel auxiliary plate
Left and right walls: wooden frame shape plus wood grain color steel
Handrail: Wood grain handrail
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-814

Product parameters

Ceiling: silver paint on wooden frame, decorative lights in the middle.
Center panel: wood veneer, side mirror.
Auxiliary board: wood veneer.
Handrail: Stainless steel and wood combined handrail.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-815

Product parameters

Suspended ceiling: wooden frame, luxurious ceiling lamp lighting in the middle.
Center plate: Mercury mirror, engraving process, imitation mahogany finish.
Auxiliary board: imitation mahogany finish.
Armrest: Titanium hairline stainless steel armrest.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-817

Product parameters

Suspended ceiling: wooden arched ceiling.
 Side wall and back wall: Angoli shadow decorative panel, solid wood lines, cosmetic mirror, Marble lamp.
 Armrest: Round wood and titanium combined single-tube armrest.
 Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-818

Product parameters

Suspended ceiling: wooden frame, latex paint, hidden light belt, downlight lighting.
 Rear wall: marble, wood trim, mirror stainless steel.
 Side wall: marble, mirror stainless steel.
 Handrail: Wooden handrail.
 Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-820

Product parameters

Suspended ceiling: wood decoration with downlight
Rear wall: tea mirror color glass center plate plus wood grain color steel
Left and right walls: wood grain color steel center board, auxiliary board
Armrest: rose gold hairline armrest
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-821

Product parameters

Ceiling: Titanium mirror stainless steel with gold foil in the middle.
Rear wall: wooden frame, wallpaper, titanium mirror insert, titanium mirror.
Side wall: wooden frame, wallpaper, titanium mirror insert, titanium mirror.
Armrest: Titanium mirror flat armrest.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-822

Product parameters

Ceiling: Painted steel plate with gold foil.
Side and back walls: etched rose gold mirror and wood veneer.
Handrail: Round wooden handrail.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-823

Product parameters

Ceiling: wooden frame, rose gold mirror in the middle, hidden light belt and downlight
Lighting Design.
Rear wall: wood molding, middle wood veneer combined with marble veneer,
Mirrors on both sides.
Side wall: wood molding, mirror in the middle, leather finishes on both sides.
Armrest: solid wood round armrest.
Car bottom: 2mm thick PVC marble floor or marble mosaic.

■ CBSA-824

Product parameters

Ceiling: Titanium mirror stainless steel, downlight lighting, hidden light belt.
Rear wall: Titanium mirror etching, wood frame, titanium mirror on both sides.
Side wall: leather finish, wooden frame.
Armrest: Titanium mirror flat armrest.
Car bottom: 2mm thick PVC marble floor or marble mosaic.

■ CBSA-825

Product parameters

Ceiling: Wooden ceiling frame, downlight lighting.
Rear wall: wood veneer, auxiliary plate mirror stainless steel.
Side wall: wood veneer.
Handrail: Wooden handrail.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-826

Product parameters

Suspended ceiling: wooden suspended ceiling, downlight lighting.
Rear wall: Art glass painting, titanium frame, leather cover.
Side wall: leather cover, mirror stainless steel, titanium frame.
Handrail: Wooden craft handrail.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-827

Product parameters

Suspended ceiling: wooden suspended ceiling, hidden lights around, latex paint.
Rear wall: wooden collage wood veneer, advertising frame, car side glass.
Side wall: Car side glass.
Handrail: Wooden handrail.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-829

Product parameters

Ceiling: Rose gold stainless steel mirror cutout board and white organic board.
Side wall and rear wall
Center plate: rose gold, mirror, etching, hairline, and pattern.
Auxiliary board: mirror surface.
Armrest: Rose gold stainless steel tube triple combination armrest.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-830

Product parameters

Ceiling: Mirror stainless steel.
Side wall and rear wall: wood veneer, mirror stainless steel.
Car bottom: 2mm thick PVC or marble parquet floor (carpet).

■ CBSA-831

Product parameters

Ceiling: Titanium hairline stainless steel frame plus central acrylic transparent plate
Rear wall: mirror stainless steel center plate, tea mirror color mirror stainless steel auxiliary plate
Left and right walls: hard-packed shape center plate, tea mirror color mirror stainless steel auxiliary plate
Handrail: Hairline stainless steel handrail
Car bottom: pvc / marble mosaic

■ CBSA-832

Product parameters

Suspended ceiling: the middle is the flat top of the shadow, and the sides are stainless steel bottom plates supplemented by tubes
Soft light lighting design of the lamp
Car wall: center plate is mirror stainless steel, auxiliary plate is wood grain color steel / wood
Facing and stainless steel decorative strip stitching
Armrest: solid wood armrest
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-833

Product parameters

Ceiling: Titanium mirror stainless steel or color frame supplemented by downlight, the middle is white
Acrylic transparent board
Left and right walls: wood grain color steel / wood veneer
Rear wall: Painted decorative frame inlaid with marbling color steel / marble finish
Armrest: combination of solid wood and titanium
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-835

Product parameters

Ceiling: Titanium mirror stainless steel bottom plate supplemented with downlight, the middle is titanium mirror
Stainless steel hollow plate and white acrylic transparent plate
Car wall: wood grain color steel / wood veneer, titanium, mirror, etching
Armrest: combination of solid wood and titanium
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-836

Product parameters

Ceiling: Titanium mirror stainless steel or color steel frame supplemented by downlight
Car wall: Rose gold etching, rose gold mirror stainless steel, wood grain veneer
Car bottom: 2mm thick PVC / marble mosaic

BUSINESS SERIES

■ CBSA-838

Product parameters

Ceiling: Rose gold mirror stainless steel frame supplemented by downlight
Car wall: Mirror stainless steel, leather grain film, wood grain color steel / wood veneer
Armrest: Stainless steel tube matt short grain
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-839

Product parameters

Ceiling: mirror stainless steel frame, acrylic painting, downlight
Car wall: mirror, etching, hairline
Armrest: solid wood
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-840

Product parameters

Ceiling: Milky white paint frame supplemented by downlight plus gold foil in the middle
Rear wall: Titanium mirror etched stainless steel center plate, tea mirror color mirror
Auxiliary board
Left and right walls: leather hard-coated center board, tea-glass color auxiliary board
Armrest: Wood grain titanium armrest
Car bottom: marble / PVC mosaic

■ CBSA-841

Product parameters

Ceiling: Titanium stainless steel bottom plate supplemented with downlights, the middle is arched white
Soft light illumination design of transparent board
Car wall: Titanium, mirror, etching, hairline
Armrest: solid wood armrest
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-842

Product parameters

Ceiling: Soft lighting design of wide arched white organic shading board
Car wall: mirror surface, etching craft board, wood grain veneer
Armrest: Organic crystal armrest
Car bottom: 2mm thick PVC / marble floor

■ CBSA-844

Product parameters

Ceiling: Diamond-shaped transparent lamp post, plus arched white translucent soft light
Lighting Design
Car wall: hairline, etching, cherry wood finish
Handrail: Wooden handrail
Car bottom: 2mm thick PVC / marble floor or marble mosaic

■ CBSA-845

Product parameters

Ceiling: stainless steel mirror hollow board and white organic board
Side wall and rear wall
Center plate: titanium, mirror, etching, wood finish
Auxiliary plate: titanium, mirror
Handrail: Titanium stainless steel tube triple combination handrail
Car bottom: 2mm thick PVC / marble floor or marble mosaic

CBSA-847

Product parameters

Ceiling: stainless steel mirror hollow plate and white transparent plate, with stainless steel frame
Car wall: titanium, mirror, etching, hairline, and pattern
Armrest: Stainless steel tube titanium triple combination
Car bottom: 2mm thick PVC / marble mosaic

CBSA-848

Product parameters

Ceiling: mirror surface, etched stainless steel
Auxiliary board: Hairline stainless steel
Ceiling: stainless steel frame, middle arched art board
Car bottom: 2mm thick PVC / marble floor

■ CBSA-SW-13

Product parameters

Ceiling: Imitation wood frame plus central gold foil supplemented by a chandelier
Rear wall: imitation marble center plate, rose gold etched stainless steel auxiliary plate
Left and right walls: steel plate concave and convex shape center plate, rose gold mirror etching
Stainless steel auxiliary plate
Car bottom: marble / PVC mosaic

■ CBSA-849

Product parameters

Ceiling: stainless steel mirror hollow plate and white transparent plate, with stainless steel frame
Car wall: titanium, mirror, etching, hairline, and pattern
Armrest: Stainless steel tube titanium triple combination
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-850

Product parameters

Ceiling: Metal baking paint, downlight lighting, marble pattern board
Car wall: Titanium, mirror, etching, hairline
Armrest: solid wood
Car bottom: marble floor

■ CBSA-851

Product parameters

Ceiling: Hairline stainless steel frame supplemented by acrylic spray in the middle of the downlight
Rear wall: mirror stainless steel center plate, wood grain color steel auxiliary plate
Left and right walls: wood grain color steel center plate, mirror stainless steel auxiliary plate
Armrest: Wood grain titanium armrest
Car bottom: marble mosaic / PVC mosaic

■ CBSA-852

Product parameters

Ceiling: Mirror panel in the middle of the ceiling, Yake light-transmitting plates on both sides
Car wall: Hairline in the middle, mirror etching on both sides
Armrest: flat armrest
Car bottom: PVC floor

■ CBSA-853

Product parameters

Suspended ceiling: soft light illumination design of wide image arch
Car wall: mirror, etching, hairline, 24K real gold plating (or titanium)
Armrest: Stainless steel tube matt short grain
Car bottom: 2mm thick PVC / marble floor

RESIDENTIAL SERIES

■ CBSA-854

Product parameters

Suspended ceiling: supplemented by a rectangular hollow transparent lamp on a titanium gold stainless steel bottom plate
The column, the middle is the soft white white titanium stainless steel decorative strip
Light lighting design
Car wall: titanium, mirror, etching, sandblasting
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-855

Product parameters

Ceiling: Acrylic light-transmitting plate in the middle of imitation wood frame
Rear wall: imitation marble center plate, mirror-etched stainless steel plate
Left and right walls: mirror-etched stainless steel plate
Handrail: Wood grain handrail
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-856

Product parameters

Ceiling: Titanium hairline frame supplemented with acrylic plate in the middle of the downlight
Rear wall: Light champagne gold-plated stainless steel center plate with rose gold
Mirror stainless steel plate
Left and right walls: Titanium hairline etched stainless steel center plate plus rose gold
Mirror stainless steel plate
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-857

Product parameters

Ceiling: Painted steel plate imitation wood shape supplemented by downlight
Rear wall: Titanium mirror etched center plate plus titanium hairline stainless steel plate
Left and right walls: Titanium mirror etched center plate plus titanium hairline stainless steel plate
Armrest: Hairline armrest
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-858

Product parameters

Ceiling: Titanium mirror stainless steel frame supplemented by a hollow plate in the middle
Rear wall: Titanium mirror stainless steel center plate plus titanium etching auxiliary plate
Left and right walls: Titanium gold etching center plate plus titanium gold mirror auxiliary plate
Armrest: Titanium hairline armrest
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-859

Product parameters

Ceiling: Rose gold mirror frame supplemented with spray pattern in the middle of the downlight
Rear wall: Rose gold mirror etched center plate plus titanium gold etched splicing plate
Left and right walls: Rose gold mirror etched center plate plus titanium gold etched splicing plate
Armrest: Wood grain titanium armrest
Car bottom: 2mm thick PVC / marble mosaic

Product parameters

Suspended ceiling: Titanium mirror stainless steel frame plus central painted acrylic board
Rear wall: Titanium gold etched stainless steel center plate plus rose gold
Mirror stainless steel auxiliary plate
Left and right walls: Titanium gold etched stainless steel center plate plus rose gold
Mirror stainless steel auxiliary plate
Armrest: Wood grain titanium armrest
Car bottom: 2mm thick PVC / marble mosaic

Product parameters

Ceiling: Rose gold stainless steel mirror cutout board and white organic board.
Side wall and back wall: Center plate: rose gold, mirror, etching, hairline, and pattern.
Auxiliary board: mirror surface.
Armrest: Rose gold stainless steel tube triple combination armrest.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-864

Product parameters

Suspended ceiling: wood grain shape frame plus central acrylic transparent board
Rear wall: imitation marble shape
Left and right walls: imitation marble shape
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-865

Product parameters

Ceiling: Rose gold stainless steel mirror cutout board and white organic board.
Side wall and back wall: Center plate: rose gold, mirror, etching, hairline, and pattern.
Auxiliary board: mirror surface.
Armrest: Rose gold stainless steel tube triple combination armrest.
Car bottom: 2mm thick PVC or marble parquet floor.

■ CBSA-867

Product parameters

Ceiling: Mirror stainless steel frame plus central acrylic transparent plate
Rear wall: wood grain color steel plus beauty mirror
Left and right walls: wood decoration stitching plus mirror stainless steel
Car bottom: 2mm thick PVC / marble mosaic

■ CBSA-868

Product parameters

Ceiling: Rose gold stainless steel mirror cutout board and white organic board.
Side wall and back wall: Center plate: rose gold, mirror, etching, hairline, and pattern.
Auxiliary board: mirror surface.
Armrest: Rose gold stainless steel tube triple combination armrest.
Car bottom: 2mm thick PVC or marble parquet floor.
